Education	Imperial College Dual Degree	— Master of Design Engineering	📅 2023 09 - 2025 08
	Royal College of Art Dual Degree	— Innovation Design Engineering	📅 2023 09 - 2025 08
	Renmin University China Top 10%	— Master of Design Research Partly Finish	📅 2022 09 - 2023 06
	Renmin University China Top 5%	— Bachelor of Visual Communication	📅 2018 09 - 2022 06

Experience	Huawei • User Centered Design Laboratory UI Intern China		📅 2024 07 - 2024 09
	ToB UI Design AI User Centered Design Components		
	- Establish ToB design Principles – Oversee the integration of mobile architecture for B2B platforms, analyze interaction data and user feedback from five B2B apps, and propose strategic design solutions based on identified issues. - Empowering B2B design with AI – Identify B2B and B2C design differences and use Midjourney to create targeted visuals accordingly. - Data-driven design – Collaborate with product and interaction teams, analyze data points, and optimize interactions and visuals.		
	PulpaTronics • Graphic Designer London		📅 2024 06 - 2024 09
	ToB Branding UI Design Illustration Branding Website Shopify WIX		
	- Offline – Improved the brand’s visual identity – defining the brand colors, creating and delivering a brand book, also producing brand-related materials such as business cards, brochures, and promotional items, all of which have been implemented successfully. - Online – Support official website new UI – During partnerships with other brands, I was responsible for the collaborative Web UI design, as well as testing mobile UI and other digital designs. Additionally, I handled the creation of illustrations for these projects.		
	Sina • Mobile Department UI/Visual Designer Intern China		📅 2021 12 - 2022 03
	ToC UI Design Game AE PS Promotion Motion Design		
	- UI, Game and Motion Design Support – Managed mobile newspaper UI for the 2022 Winter Olympics, delivering UI from product needs. Additionally, created micro-interactions and game interaction to enhance the user experience through engaging motion design. - Multidimensional Coordination – Collaborated with developers and PR, verify UI and create visual materials for Olympics promotions.		
	IQIYI VR • VR Department UI Designer Intern China		📅 2021 03 - 2021 06
	ToC VR UI Design Promotion Motion Design Animation		
	- Improved User Experience – Through user research, identified key pain points in VR-based learning. I creatively proposed a fully animated interactive experience, which was approved and implemented, significantly improving user feedback ratings. - Creative VR Design – Worked with product managers to create interactive UI for VR , including power on/off animations and more. - Support VR Multi-Platform Promotion – Created H5, ads, promotions for VR, mobile, and desktop devices, tailored to various needs.		

Projects	Nspace NFT • Interaction and UI Designer Hybrid Project		📅 2022
	ToC Illustration UI Interactive Design Docking Motion Design Branding		
	A developed team project – My responsibilities included designing and developing UI for the mini-program and H5 platforms, creating the brand identity, illustrating NFT components, implementing interaction effects, and collaborating with developers to ensure smooth execution. 🔗 see all of my projects on my website: 🔗 NFT Project		
	RCA x OPPO • BCI + AR Creative Product 2024 London Design Festival		📅 2024
	BCI AR Interactive Design Creative Product Automotive Design		
	Automotive Brain-Computer Interface (BCI) Design – A future-focused design targeting fatigue driving, incorporating smart glasses tech.
