Education	Imperial College Dual Degree	— Master of Design Engineering	📅 2023 09 - 2025 08
	Royal College of Art Dual Degree	— Innovation Design Engineering	📅 2023 09 - 2025 08
	Renmin University China Top 10%	— Master of Design Research Partly Finish	📅 2022 09 - 2023 06
	Renmin University China Top 5%	— Bachelor of Visual Communication	📅 2018 09 - 2022 06

Experience

Huawei • User Centered Design Lab | Design Intern | China

📅 2024 07 - 2024 09

ToB

UI Design

AI

User Centered

Design Components

- **Establish ToB design Principles** – Oversee the integration of mobile architecture for B2B platforms, analyze interaction data and user feedback from five B2B apps, and propose strategic design solutions based on identified issues.
- **Empowering B2B design with AI** – Identify B2B and B2C design differences and use Midjourney to create targeted visuals accordingly.
- **Data-driven design** – Collaborate with product and interaction teams, analyze data points, and optimize interactions and visuals.

Kingfisher • U-I collaboration | Product Design & Mkt Strategist | London

📅 2023 09 - 2023 10

UX

Creative

Motion Design

- **User analysis and usability optimization** – Conduct user analysis to understand existing users' needs in the renovation industry and identify core pain points. Address the high regret rate after painting by developing an AI painting trial feature.
- **Cross-disciplinary collaboration** – Work with designers/engineers, consumer teams, and present to Kingfisher representatives.

PulpaTronics • Designer Intern | London

📅 2024 06 - 2024 09

Branding

Website

Shopify

WIX

- **Offline – Improved the brand's visual identity** – defining the brand colors, creating and delivering a brand book, also producing brand-related materials such as business cards, brochures, and promotional items, all of which have been implemented successfully.
- **Online – Support official website new UI** – During partnerships with other brands, I was responsible for the collaborative Web UI design, as well as testing mobile UI and other digital designs. Additionally, I handled the creation of illustrations for these projects.

Nspace | NFT • Product Designer Intern | Remote

Motion Design

Branding

- **UX UI and Market** – Collaborated closely with product managers to align design with the overall product strategy. I led the UI development for mini-program and H5 platforms, created a cohesive brand identity, and designed engaging NFT components. By actively participating in product planning, I provided insights on user experience, ensuring that design choices met market needs.
- **Team Collaboration** – Face product managers and developers, report progress, and ensure smooth functional execution.

Projects

RES • Health Care Product Design | 2025 Winner of Social Analysis Competition

System Design

Product Design

Team Work

Explored innovative solutions for pollen allergy by leveraging technology and service design. Collected and analyzed social data to build an intelligent network that guides user behavior and decision-making.

RCA x OPPO • Product Designer & Mkt Analysis | 2024 London Design Festival

BCI

AR

HCI

Innovation Design

Automotive Design

Automotive Brain-Computer Interface (BCI) Design – I conducted user and market research to identify key pain points and validate the market need for smart glasses technology. Defined core features and developed a design by analyzing user behavior and industry trends.

NSRC National Device Research Center • Research Assistant | 2019

User Research

Interviewing & Survey Design

Effective Communication

Data Collection & Accuracy

Responsible for remote interviews and surveys on public service, independently completing 50 effective 30mins questionnaires and research report. Trained my user research, communication, and data collection skills, also strengthened resilience under pressure.
